

Step 1: Print the template. Trim off excess white paper so that an orange square is remaining.

Step 2: Turn the square face down and valley fold paper from corner to corner. Repeat for both sides. Lay flat. You will now have a creased "X" in the paper.

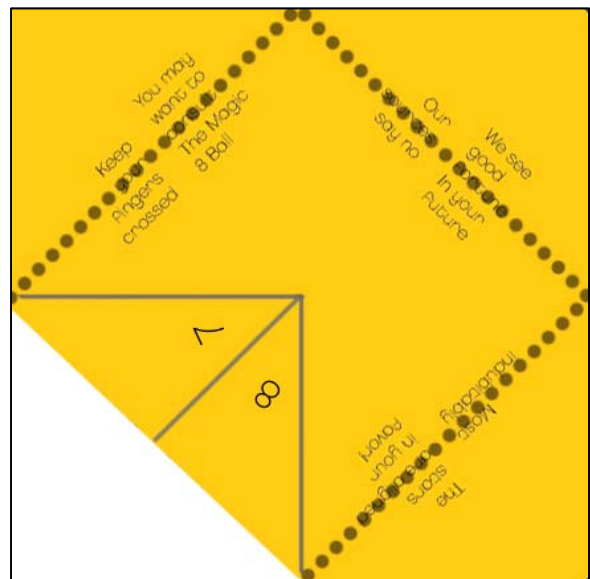

Step 3: Fold the corner to the center of the square (where the "X" crosses). Repeat with the other three corners. You will now have a smaller square.

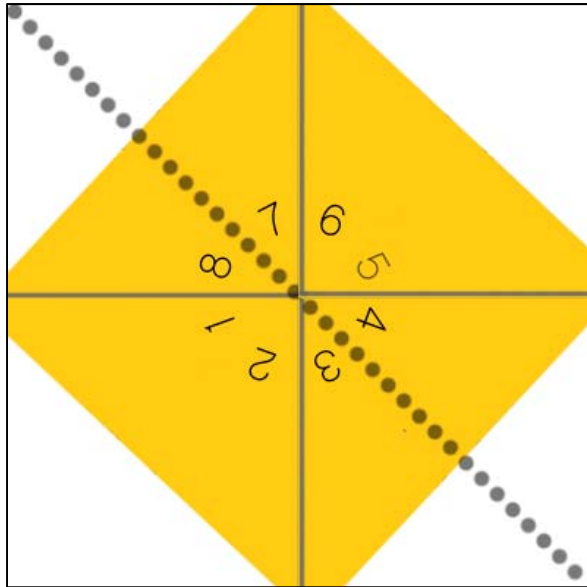

Step 4: Flip the smaller square over.

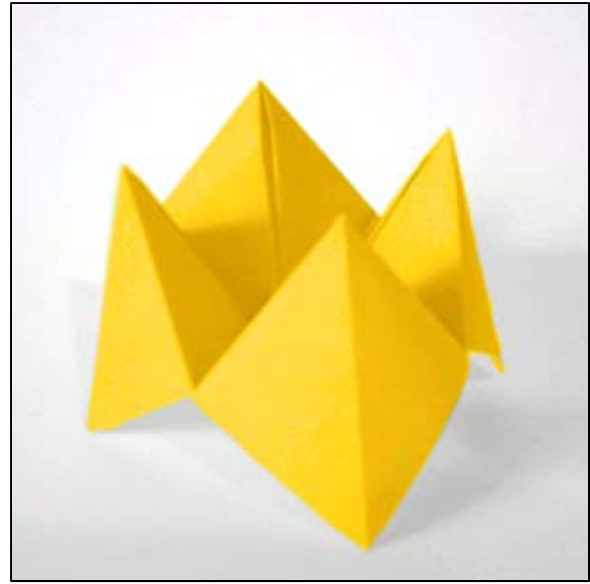

With the smaller square, again fold the corner to the center of the square with all four corners. Again, you will have an even smaller square.

Step 5: Fold the smaller square in half (along the dotted line in the picture.)

Step 6: Almost done, but First the hardest step (at least to write). Place Fingers under each Flap and push the outside corners together towards the center.

Now you're ready to answer some important questions!

To receive your answers...

First, ask a question!

Second, choose if you want Answers, Guidance, Direction or Insights. Then open the answer generator one direction, then the other spelling out the word (e.g. I N S I G H T S)

When you are done spelling the word, look inside and pick an exposed number. Open the answer generator in one direction, then the other the number of times you chose.

Pick one last number, open the Flap and read your answer.
